OFFICE OF LEGISLATIVE COUNSEL

Monday - 14 September 1964

1. [] Talked with Miss Natalie Martin, in the office of Senator George A. Smathers, concerning the Senator's letter requesting information on press articles relating to missiles in Cuba. Miss Martin said the Senator is not in town today but she will take the matter up with him and let me know when it would be convenient for me to see him.

2. [] Jay Sourwine, Senate Internal Security Subcommittee staff, called and said that if we have anything to do with [] they would like to have him before the Subcommittee at such time as he might be available. I advised Sourwine that we would note his interest and have advised [] CDC.

7. [redacted] and Mr. Warner met with Ed Braswell for most of the day working with Braswell on the report to be submitted by the Committee on our retirement bill. Also worked on during the day was the sectional analysis which must be incorporated into the report.

50X1

After learning of Senator Saltonstall's accident, Braswell checked into the matter and received information that in all likelihood the Senator would be in town tomorrow. Consequently, rather than find another Senator who could actually file the report, this will be held over until tomorrow. Mr. Braswell expressed his view that it would be far preferable if Senator Saltonstall could remain as the designated Floor Manager of the bill.

8. [redacted] Met with Mr. Fred Mesmer, Senate Immigration and Naturalization Subcommittee, who advised that printed copies of the committee report probably would not be available until about Wednesday. He further indicated that although ordered to be reported on Friday, the bill probably would not be reported to the Senate until Tuesday or possibly Wednesday.
